Capacity Market Auctions 2018

1. Accessing the system

The Capacity Market Auction can be accessed via www.emrdbcapacityauction.com.

When the auction window is closed the following message will display:

"The auction system will not be available to bidders until *<date>*. Once available, the link to log into the system will be provided here."

2. Selecting the correct Auction

The T-1 Auction will begin on Tuesday, 30th January 2018 at 9:00 a.m. GMT. The Auction System will be accessible from Thursday 18th January ("D-9") to allow Bidders to check their CMUs with the T-1 Mock Auction being held on Thursday 18th January.

The T-4 Auction will begin on Tuesday, 6th February 2018 at 9:00 a.m. GMT. The Auction System will be accessible from Thursday 25th January ("D-9") to allow Bidders to check their CMUs with the T-4 Mock Auction being held on Thursday 25th January.

Therefore unlike in previous years, from the 25th January, there will be two auctions open in parallel on the Auction system. Between the 18th and 25th January only one link will be available for the T-1 Auction. When both Auction windows are open, there will be two links available as shown in figure 1 below.

Welcome to the web page for the **EMR Capacity Market Auction**.
The upcoming auctions will be the T-1 Auction (Delivery Year 2018/19) starting 30 January 2018 and the T-4 Auction (Delivery Year 2021/22) starting 6 February 2018.

Please select the appropriate link to enter the Auction:

T-1 Auction | Delivery Year 2018/19

T-4 Auction | Delivery Year 2021/22

Figure 1: Both links available for T-1 and T-4 Auctions

Select the appropriate link, either T-1 or T-4, and insert the user login information when requested so as to enter the Auction.

Users are strongly encouraged to check if they are in the correct Auction at any point by referring to the title bar which displays the delivery year as shown in figure 2.
